

## **I-House is Committed to Four Basic Objectives:**

- To provide opportunities to develop friendships and understanding and encourage mutual respect among students of diverse backgrounds and cultures through the experience of living and learning with their fellow students;
- To provide international students with greater opportunities to experience American life, increase their understanding of the United States, and provide them opportunities to contribute to discussions relating to their geographic areas;
- To provide special opportunities to study other cultures through simulation, role-playing, gaming, lectures, seminars, and cultural activities; and
- To help every student fulfill his or her educational and professional goals.
